MY SCHOOL SUCCESS

- School Performance Coaching and Steps for my School Success
- A highly effective way to empower students to take responsibility for their learning.
- Students will review their academic and personal performance, identify potential blockers and then set and review their learning goals
- Will teach students the strategies of TOP school performers, then take through a step by step process to design a tailor-made action plan that will take their own performance to a new level

LIFE & CAREER COACHING

- Be taken on a journey of self-discovery where they will complete
 - A personal Who am I? profile
 - Connect to their key strengths
 - Design an inspiring life and career pathway plan (including meaningful subject, course, work experience and career choices) that matches their vision, values and preferred lifestyle
- Using the life wheel, young people will identify the priority areas they want to work on and the steps they need to take to achieve greater health and well-being in all areas of their life.
- Assists young people design a "Steps for My Life Success" action plan that parents, & teachers can support them to achieve.
